Yes, we would like to be able to respond to the AP inquiry today - After this report was filed, was anything done to address the risks it found.

This question asks about the Source Water Assessment (attached) prepared by the WV Bureau for Public Health/Department of Health and Human Resources for the West Virginia American Water Company plant. We can do a Q&A, if you think that would be helpful.--Vicky

As I said, simple enough question: After this report was filed, was anything done to address the risks it found?

Thanks,
